## GIPPSLAND PORTS

### During dredging operations:

1. A floating pipeline shall be located within the Dredge Area. The pipeline will be marked with yellow hazard marker buoys 20m from dredge, then at intervals of 30m on float line.

2. A semi submerged pipeline shall be located within the Dredge Area marked in 100m intervals with a yellow buoy and float.

Mariners are directed not to enter the Dredge Area for the duration of the dredge campaign and in particular; not to cross the semi submerged pipeline marked by yellow buoys and lights at 100m intervals

During operations, the dredge will be restricted in its ability to manoeuvre. Mariners are directed to pass on the side of the dredge marked with two black diamond day shapes and two all round green lights.
